

January and February 2024

YEAR 2

Year 2 had so much fun taking a trip around local Victorian Hammersmith led by Moya. They learnt lots of interesting facts such as the why Hammersmith bridge was created in the Victorian times and that it was created in 1887. Devin- "We have learnt that a boat race happens every year on the Thames, this has happened since 1900."

YEAR 3

Year 3 were very lucky to have a story read to them by Ms McAveety called Mrs Brick and The Building Baby.

"It was a story about a family and they were all builders and they had a baby and he was a builder too! It was a very funny story!" Hassiet

NURSERY

Nursery did a great job at counting and placing the correct amount of counters on the fruits. They remembered to use their pointing finger when counting one at a time.

Sonny: "1, 2, 3, 4, 5. 5 apples!"

YEAR 6

Children went to the Army Museum as part of their week long workshops on the WW2. They saw many interesting things and some fantastic activities related to that period. "It was a very interesting trip and I have learned so much. I know now what soldiers wore or ate during that time. I enjoyed going inside a tank and being in the drivers seat." Blien

YEAR 1

Year 1 had great fun today in their dance lesson. They did lots of star jumps and movements with their arms. They also looked at musical theatre, different songs and different movements.

gabriella: "I love to dance and today we had to use our arms!"

RECEPTION

Reception children are learning all about the world around us through role play. Children are creating and posting postcards and parcels during our free flow play. On the front of the parcels children were using their Phonics sound knowledge to write the recipients name and address before sending packages out for delivery.

Elsie: "We need to post some letters."

YEAR 4

Year 4 had a very exciting trip to the river Thames. During their walk, the children looked at the flow of the river, the tide and if it changes direction at different points. The children were very lucky to see the rowing club on the river too and spoke about how rowing at a different direction to the flow must be challenging. The children saw many different houses and met some friendly dogs. They thoroughly enjoyed their walk but were very tired and cold on their way back!

Auriel: I liked that it was a very nice walk and the tide wasn't that high so we could go down and have a look at it.

New Year Your New Mode
